

Copper Beeches Care Home

Copper Beeches Care Home is a family-friendly home situated a short distance from the centre of historic Rochester, Kent, offering nursing, dementia care, and residential care.

Our care environment

Our home includes spacious, light-filled accommodation with private rooms thoughtfully equipped with en-suite facilities, emergency call systems, and personal touches to create a true sense of home.

Our purpose-built home includes wide corridors with discreet handrails, elevator access to all floors, and specially adapted bathrooms with the latest assistive technology. Residents enjoy delicious seasonal and special menus and access to our Magic Moments portal with highly personalised music, film, and a game selection.

Our long-serving care team offers 24-hour nursing dementia care, provided by specialist teams trained in the complexities of looking after those living with dementia, who may also have other long-term medical conditions. We also provide respite care to give family or friends a well-earned break.

Why choose us?

Our dedicated team of care professionals go beyond providing basic assistance - they take the time to truly know every resident, understanding their life stories, interests, and routines to create individualised care plans that promote dignity and independence. Our brilliant team deliver not only exceptional quality of care but also promotes wellbeing and support through recreation and activities.

For families and those in care navigating the care journey of finding the right care solution, Copper Beeches offers not just expert care but genuine peace of mind, knowing their loved one is in capable, compassionate hands.

Our types of care

Our care team at Copper Beeches offers a variety of specialised care services designed to meet the diverse needs of our residents and their families. Our team and facilities are suited to provide a versatile range of care, supporting residents with both short and long-term needs across residential, dementia and nursing care.

Dementia care

We support people living with dementia to maintain their uniqueness, their choice of lifestyle and live fulfilling, happy and active lives throughout their care journey. For us, it's not about the disease – it's about the person.

Residential care

Our Residential Care teams provide a place where people can feel part of a family, make friends and explore new interests, be encouraged to maintain their independence. However you like to spend your days, we're here to help make it happen, supporting you on your entire care journey.

Nursing

Our nursing care is designed to help individuals live a purposeful life in the way they choose or wish to. We provide an environment that is peaceful, warm, and familiar to help individuals feel at ease and offer holistic nursing care around-the-clock, meaning individuals can experience care tailored to their needs, from the basic to the complex.

Creating an inclusive and connected community

At Copper Beeches Care Home, we believe meaningful connections extend far beyond the walls of our care homes. Our care teams collaborate with local organisations, community groups, and charities to create vibrant events and activities that bring together our residents, their families, and the wider community. We regularly host workshops, educational sessions, fundraising events, and social gatherings that foster intergenerational connections.

These initiatives enrich our residents' lives while strengthening community bonds, combating isolation and creating a sense of belonging that enhances overall wellbeing. Our teams also actively participate in and support local initiatives, contributing our time and expertise to help build communities that are connected, inclusive, and thriving.

The team at Copper Beeches are here for your entire care journey, supporting residents and their families.

“Everyone is so helpful and friendly, even the maintenance manager talks to us and mum. Mum's condition does mean that sometimes her behaviour can be very demanding and unpredictable, but the staff remain kind and caring.

I feel confident that mum is being well looked after and that her condition is understood and she is treated with respect and compassion.”
